Korean (Native)
English (Intermediate)

PROFESSIONAL SUMMARY

Junior Front-End Developer with 3+ years of experience in responsive web design. Built interactive event pages, maintained websites using HTML, CSS, and JavaScript, and collaborated with developers via Git. Improved website conversion rates by 80% through enhanced UX and efficient coding.

EXPERIENCE

February 2023 - December 2024
Front-End Developer / Freelancer
Medirise, Seoul, South Korea

- Provided front-end development, maintenance, and security guidance while managing multiple projects simultaneously.

- Communicated technical concepts clearly to non-technical clients, ensuring their needs were met effectively and projects were delivered on time and within budget.

September 2022 - February 2023
Front-End Developer
Nice D&B, Seoul, South Korea

- Optimized disorganized HTML, CSS, and image files by removing redundant code, improving page load speed.Successfully transitioned CSS to Sass, enhancing code maintainability and efficiency.

November 2019 - February 2022
Front-End Developer
Visang Education, Seoul, South Korea

- Collaborated as a front-end developer on projects built with various technologies, including PHP, SpringBoot, and React Native. This experience has equipped me with the flexibility to quickly adapt and contribute to diverse projects.

- Created layout and design templates based on page-specific requirements, optimizing the reuse of HTML and CSS code across multiple projects. This approach reduced work time and maximized efficiency.
